

Organisations present: LSC (Romania), LVSV (Belgium), FEL (Belgium), CS (Sweden), SU (Finland), LHG (Germany) (total: 6)

Suggested Agenda:

- 1) Discussion on institutionalization
- 2) Discussion on internal ELSN rules
- 3) Election of network coordinator as per Art 6 bis of LYMEC Statutes and ELSN bureau members
- 4) Discussion on further activities by ELSN

This agenda was modified in accordance with the development of the discussion that took place.

The first part of the discussion was focussed on the institutionalization and election of a network spokesperson as per LYMEC articles. CS proposed to wait with the election until more member organizations were present. LHG objected that with an unclear member structure and general low participation, 6 organizations present were more than enough to instate a board and elect a network coordinator to get the network going. After some discussion, the following compromise has been reached that was deemed acceptable by all:

All the candidates for the ELSN board ( Nicoleta Nicolescu, PNL, Romania; Patrick Krassen, LS/LUF, Sweden; Bruno Teirlynck, LVSV, Belgium; Philipp Karstaedt, LHG, Germany) will be part of the board. They will then elect a network coordinator among them and will determine their areas of responsibilities.

Furthermore, the following activities for the board have been brought forward by the attendants:

- 1) Contact liberal student organizations in ELDR
- 2) Schedule next meetings and set up a comprehensive To-Do list for future activities of ELSN
- 3) Put up a statute proposal for ELSN
- 4) Update and maintain webpage and Facebook group of ELSN
- 5) Realize the ELSN Buddy program
- 6) Contact Sheel for the program
- 7) Update mailing list (--> will be done by Daniel (LHG))
